

How to install

1 Install Node.js

<https://nodejs.org/en/>

2 Install Yarn Package Manager

<https://yarnpkg.com/en/docs/install#windows-stable>

3 Unzip the archive

Use your favorite tool

4 Open command line

Make sure you are in the location of the unzipped archive

5 Run 'yarn install'

And get your project ready

6 Run 'yarn run dev'

Start local server and run the project

7 Open 'localhost:8080' in browser

Enjoy the visualization
