Brief History:

JACC is a Non-Profit Cultural Association. It was founded in 30 of April 2003 and it has, since then, established its headquarters in Coimbra.

JACC's mission, as stated in the founding document, is to promote, publicize and teach jazz ("a Associação dedica-se à promoção, divulgação e ensino do jazz").

Since the beginning, the Clube has organized the international jazz festival "**Jazz ao Centro - Encontros Internacionais de Jazz de Coimbra**". This event provides a space for creative music and also launches live concert presentations recorded during the sessions of the festival.

In June 2005, JACC launched the magazine and the site **JAZZ.pt**, the only publication in Portugal dedicated to jazz and improvised musics.

In 2007, after an intense period of preparation and development, **Portugal Jazz - Festival Itinerante de Jazz** came into being. Its objectives were closely associated with the task of building a strategic plan for the promotion of jazz nation-wide. Portugal Jazz is a unique example of a project designed to take jazz to every corner of the country, creating and giving resources to new audiences of every age group.

In 2010, JACC started its own record label with the mission to support the portuguese jazz musicians in the promotion of their work. **JACC Records** has already released 20 records, from up and coming artists like João Firmino and Desidério Lázaro, but also from key figures in the jazz portuguese scene, such as Maria João (OGRE), and João Paulo's NO PROJECT.

In August 2012, after almost 10 years waiting and looking for a space, JACC opened **SALÃO BRAZIL**, music club and in the same time the central workplace for all the activities of the association. This place, located right in the heart of Baixa - the old town of Coimbra, presents concerts of live jazz music, but also independent rock, folk and world music 5 days a week.
